MA. THERESA J. ALLEN

Regional Executive Director (OIC)

Department of Environment and Natural Resources Region XIII (Caraga)

Brgy. Ambago, Butuan City, 8600

Dear Regional Director Allen:

I am applying for the Engineer I position in the Survey and Mapping Division of the Department of Environment and Natural Resources (DENR) Caraga. As a Licensed Geodetic Engineer, I am interested in contributing my knowledge in surveying and geospatial technologies to the Department's survey and mapping functions.

I earned my Bachelor of Science in Geodetic Engineering from Caraga State University – Main Campus in June 2026 and am Civil Service eligible. As part of my professional preparation, I completed 240 hours of On-the-Job Training at BPA Abatayo Land Surveying Services, where I obtained a 98% performance rating. Through this training, I gained practical experience in both field and office surveying activities, survey documentation, geospatial applications, and the use of surveying instruments and equipment.

In line with this, I would like to highlight the qualifications that have prepared me for the position:

- Licensed Geodetic Engineer
- Civil Service Eligible
- Bachelor of Science in Geodetic Engineering graduate from Caraga State University
- Completed 240 hours of On-the-Job Training at BPA Abatayo Land Surveying Services with a 98% performance rating
- Proficient in surveying, GIS, cartography, AutoCAD, and geospatial applications
- Participated in professional seminars and a symposium related to geodetic engineering

Beyond my technical skills, I have developed strong communication, teamwork, adaptability, and attention to detail. I am committed to continuous learning and prepared to carry out both field and office responsibilities with accuracy, professionalism, and accountability.

I would welcome the opportunity to contribute these skills to the Survey and Mapping Division of DENR Caraga and discuss my qualifications in an interview. Thank you for considering my application. I may be reached at beromarrie@gmail.com or +63 948 917 5374.

Very respectfully yours,

HANNA MARRIE M. BERO

Registered Geodetic Engineer
