

HANNA MARRIE M. BERO

REGISTERED GEODETIC ENGINEER

CAREER PROFILE

Licensed Geodetic Engineer and Bachelor of Science in Geodetic Engineering graduate from Caraga State University with practical training in land surveying, GIS, cartography, CAD drafting, and geospatial data processing. Completed 240 hours of on-the-job training at BPA Abatayo Land Surveying Services. Civil Service eligible, detail-oriented, adaptable, and committed to accurate and professional work.

CAREER OBJECTIVE

To contribute to survey and mapping operations by applying my technical knowledge in geodetic engineering, GIS, and field surveying while continuing to develop my professional competence in public service.

RELEVANT EXPERIENCE

- Geodetic Engineering Intern / On-the-Job Trainee at BPA Abatayo Land Surveying Services last June - July 2026 for 240 hours
- Supported preparation of survey plans, technical descriptions, and other survey-related documentation using AutoCAD.
- Assisted with field survey operations, including GNSS-based observations, relocation, topographic, and boundary verification activities.

TECHNICAL COMPETENCIES

- **Surveying Operations:** Land, boundary, relocation, and topographic surveying; GNSS/RTK fieldwork; survey instrument handling; field data collection and processing
- **Geospatial Analysis & Mapping:** QGIS, ArcGIS, and Google Earth Pro; spatial data management; thematic mapping; cartographic presentation; map preparation and interpretation.
- **CAD & Technical Documentation:** AutoCAD drafting; survey plan preparation; technical descriptions; survey-related documentation; Microsoft Office applications

PROFESSIONAL DEVELOPMENT

- 2nd Geo-Spatial Technologies for Earth Monitoring Symposium (GeoSTEMS 2025)
- 3rd Geo-Spatial Technologies for Earth Monitoring Symposium (Geo-STEMS 2026)
- MapTalks : Accessing Open Spatial Databases for Mapping Applications

EDUCATION

Caraga State University - Main Campus

Bachelor of Science in Geodetic Engineering
2022-2026

SOFTWARE

- Auto-CAD
- QGIS / ArcGIS
- ENVI
- Drone Deploy

CORE STRENGTHS

- Analytical Thinking
- Attention to Detail
- Problem Solving
- Adaptability
- Professional Responsibility
